DESCRIPTION/SPECIFICATIONS/STATEMENT OF WORK FOR RESIDENTIAL TREATMENT SERVICES

PURPOSE

The goal of the HCHV program is to remove homeless Veterans from the street or habitation unfit for Veterans and place them in community-based, residential environments with sufficient therapeutic services to meet the needs of those Veterans. Through the HCHV program, VA provides case management services to Veterans and facilitates their access to a broad range of medical, mental health, and rehabilitative services. The purpose of the solicitation will be to obtain proposals from contractors who can provide care, treatment and rehabilitative services to veterans suffering from serious mental illness, including veterans who are homeless, in community-based treatment facilities offering a safe and secure environment that supports their rehabilitation goals. The Contractor will be required to provide therapeutic and rehabilitative services, but will not be required to provide detoxification or other hospital level treatment – those services will be provided by the VA at VA facilities.

A. SERVICES TO BE PROVIDED

1. The contractor shall provide (12) beds and furnish services in the catchment area of the John D. Dingell Medical Center, 4646 John R. Street, Detroit, MI 48201 (with preference given to facilities within the immediate area of the medical center) to beneficiaries for whom such care is specifically authorized by the Department of Veterans Affairs (herein called VA). It is understood that the type of patients to be cared for under this contract are authorized VA beneficiaries who are experiencing homelessness and serious mental illness/substance abuse issues and will normally require care and services over and above the level of room and board.
2. The contractor shall furnish each veteran authorized care under this contract with the following basic services:
 - A. A supervised environment which will be staffed on a 24-hour basis;
 - B. Board and room;
 - C. Laundry facilities for residents to do their own laundry; and,
 - D. Therapeutic and Rehabilitative Services determined to be needed by individual veteran patients, in a plan developed by the contractor with consultation by the veteran and the VA case manager. Services which the contractor must be able to furnish include:
 - (1) Structured group activities, including physical activities as appropriate.
 - (2) Instruction in and assistance with health and personal hygiene.
 - (3) Monitoring of medications.
 - (4) Supportive social services, in collaboration with the case managers, VA or other community contract resources.
 - (5) Individual professional counseling, including counseling on self care skills, adaptive coping skills and, as appropriate, vocational rehabilitation counseling, in collaboration with VA program or contract community resources.

- (6) Assistance in learning and development of responsible living patterns to achieve a more adaptive level of psychosocial functioning, upgraded social skills, and improved personal relationships.
 - (7) Support for an alcohol/drug abuse-free lifestyle.
 - (8) Assistance in learning, testing, and internalizing knowledge of the illness/recovery process.
3. Unless specifically excluded in this contract, the per diem rate established will include the services listed in this document and will also include all services or supplies normally provided other patients by the facility without extra charge.

B. FACILITY/PERSONNEL

- 1. The contract facility must have a current occupancy permit or license required by the authority having jurisdiction.
- 2. The contractor shall employ sufficient professional health care personnel to carry out the policies, responsibilities, and programs of the facility. In residential treatment facilities there must be, as a minimum, a full-time administrative staff member or designee of equivalent professional capability on duty on the premises or residing at the house and available for emergencies 24 hours a day, 7 days a week. In those instances where a supervised residential setting is linked to a geographically distinct rehabilitation and/or socialization day program, sufficient professional health care personnel must be identified to provide the necessary therapeutic activities and to ensure a meaningful integration of these efforts with those provided in the residential setting.
- 3. The contractor shall make available to the VA documentary information deemed necessary by the VA to conduct utilization review audits for the mandated national evaluation study as required by Section 2 of Public Law 100-6; to verify quality of patient care for veterans; to assure confidentiality of patient record information; and to determine the completeness and accuracy of financial records.
- 4. The contractor shall conduct treatment and discharge planning reflecting a team assessment of health, social and vocational needs and the involvement of residents' families (when available) and appropriate community resources in resolving problems and setting goals.
- 5. The contractor shall comply with the VA Patient's Bill of Rights as set forth in Section 17.34a, Title 38, Code of Federal Regulations. Privacy and Security Training shall be completed by the contractor's employees through the VA Talent Management System (TMS) at <http://www.tms.va.gov/>.

6. This agreement does not require the provider to have Joint Commission accreditation or other regulatory requirements regarding worker competency, however, the contractor must perform the required work in accordance with Joint Commission standards or equivalent. The contractor is required to develop and maintain the following documents for each contract employee working on this agreement:
 - Credentials and qualifications for the job.
 - A current competence assessment checklist (an assessment of knowledge, skills, abilities and behaviors required to perform a job correctly and skillfully; and to provide care for certain patient populations, as appropriate.
 - A current performance evaluation supporting ability of the employee.
 - Documentation of continuing education for the last two years.

The contractor will provide current copies of these records at the time of contract award and annually on the anniversary date of contract award to the VA Contracting Officer Representative (COR), or upon request, for each contractor employee working on this agreement.

7. Before commencing work under the contract, the Contractor shall furnish the Contracting Officer with a certification from their insurance company indicating that the coverage outlined in this contract has been obtained and that it may not be changed or canceled without written notice within thirty (30) days to the Contracting Officer.
8. Wage Determination(s) as listed in the Attachment of the solicitation to be issued are applicable to any resulting contract.

C. INSPECTION

1. It is agreed that the VA will have the right to inspect the residential treatment center and all appurtenances by an authorized representative(s) designated by the VA.
2. Prior to the award of a contract a multidisciplinary VA team consisting of a social worker, nurse, dietician, and a safety officer shall conduct a survey of the residential treatment/community health care center. Residential treatment centers to be utilized will be restricted to community based facilities that provide food, shelter, and therapeutic service in a supportive environment. Residential treatment settings shall make documented information available to the VA, as

deemed necessary to:

- A. Conduct utilization review audits for the mandated national evaluation study,
 - B. Verify quality of patient care for veterans,
 - C. Ensure confidentiality of patient record information, and
 - D. Determine the completeness and accuracy of financial records.
3. In cases of complexes of non-VA community health care facilities, it is imperative that all components of the program be inspected by the VA team prior to award of the contract as is required for an integrated primary site. Each of the community health care facilities identified in the complex as contract recipients will also be subject to the requirements for contracting, safety and record keeping described in other parts of this document as applying to the residential treatment center.
4. The Safety Officer will inspect the facility for conformity to the current Life Safety Code and submit the findings to the chairperson of the team. The other members of the team will focus on the assessment of the quality of life within the residential treatment facilities, giving particular attention to the following indicators:
- A. General observation of residents indicates that they maintain an acceptable level of personal hygiene and grooming.
 - B. The facility meets applicable fire, safety, and sanitation standards in attractive surroundings conducive to social interaction and the fullest development of the resident's rehabilitative potential.
 - C. The facility should be in a central location, near public transportation, and near areas which provide employment.
 - D. Appropriate organized activity programs during waking hours (including evenings) reflecting a high level of activity in the facility or in the linked facilities, for example, individual professional counseling, physical activities, assistance with health and personal hygiene.

- E. There is evidence of facility-community interaction. This may be demonstrated by the nature of scheduled activities, or by information about resident flow out of the facility, e.g., community activities, volunteers, local consumer services, etc.
 - F. Staff behavior and interaction with residents convey an attitude of genuine concern and caring.
 - G. Appetizing, nutritionally adequate meals are provided in a setting which encourages social interaction and nutritious snacks between meals and bedtime are available for those requiring or desiring additional food, when it is not medically contraindicated. The addition of nutritious snacks to the requirements of the rooms and board is particularly indicated for homeless chronically mentally ill patients. Many of these patients are either undernourished or have developed poor eating habits or both, because of their chronic psychiatric disorder, including alcohol/drug abuse behaviors. The local VA dietitian may consult with the initial inspection team and the team making subsequent assessments, in evaluating not only the printed menus but also the patients' satisfaction with meals and the actual consumption of food offered.
- 5. The contractor shall be advised of the finding of the inspection team. If deficiencies are noted during any inspection, the facility will be given a reasonable time to take corrective action and notify the Contracting Officer that the corrections have been made. A contract will not be awarded until noted deficiencies have been eliminated.
 - 6. The VA shall monitor the contractor's program and inspect the contractor's facility to ensure compliance with this agreement. Any unsatisfactory conditions noted during the inspection of the contract facility will be reported in writing to the VA Contracting Officer. If corrections are not made to the satisfaction of the VA, the Contracting Officer will consult with the appropriate officials so that suitable arrangements can be made to discharge or transfer patients and to terminate the contract.

E. PATIENT CARE/HANDLING/RECORDKEEPING

- 1. The contractor will notify the authorizing VA immediately when a medical emergency occurs which requires hospitalization of any patient receiving care at VA expense. It is agreed that the veterans will be admitted to the nearest available VA facility when possible. If hospitalization of a non-emergency nature is required, it is agreed that admission to a VA will be accomplished consistent with VA eligibility criteria, as determined by VA policies.
- 2. In the event a beneficiary receiving residential treatment center care under this contract dies, the residential treatment center will promptly notify the VA office authorizing admission and immediately assemble, inventory, and safeguard the patient's personal effects. The funds, deposits, and effects left by VA patients upon the premises of the residential treatment center shall be delivered by the residential treatment center to the person or persons entitled thereto under the laws currently governing the residential treatment center for making disposition of funds and effects left by patients,

unless the beneficiary died without leaving a will, heirs, or next of kin capable of inheriting. When disposition has been made, the itemized inventory with a notation as to the disposition of the funds and effects will be immediately forwarded to the VA office. Should a deceased patient leave no will, heirs or next of kin, his personal property and funds - wherever located - vests in and becomes the property of the United States in Trust. In these cases the residential treatment center will forward an inventory of any such property and funds in its possession to the appropriate VA office and will hold them (except articles of clothing necessary for proper burial) under safeguard until instructions are received from the VA concerning disposition.

3. Absences of the patient from the residential treatment center in excess of 48 hours will not be reimbursable except and with approval of the Contracting Officer or designee. Should a patient referred to a residential care facility, absent him/herself in an unauthorized manner, payments for services for that veteran to the contract facility would be continued for a maximum period of three days provided there is an active outreach attempt on the part of the contract facility staff to return the veteran to the residential care program and a strong likelihood that the patient will return. Management of program dropouts will be an element of the quality assurance review of this program.
4. Subsequent inspections of the residential treatment center must be made yearly by a multidisciplinary team including such hospital personnel as deemed necessary to assure that the facility provides quality care in a safe environment. As site visits are accomplished by VA program personnel, attention will be directed to the adequacy of the veteran's records. Site visits will also include a spot check of records to ensure contractor invoices accurately reflect the veteran's length of stay.
5. The contractor shall maintain an individual clinical record on each veteran out-placed under this contract. The contractor must comply with the requirements of the "Confidentiality of Certain Medical Records" (§38 USC 7332), and the "Confidentiality of Alcohol and Drug Abuse Patients Records" (42 CFR, Part II) when appropriate, and shall be part of the contract. All case records will be maintained with such security and confidentiality as required, and will be made available on a need-to-know basis to appropriate VA staff members involved with the treatment program of the veterans concerned. In addition to reasons for referral, the clinical record maintained by the contract facility will include:
 - A. All essential identifying data relevant to the resident and his/her family, including a socio-cultural vocational assessment.
 - B. Data relating to the resident's admission, to include the targeted goals for constructive changes which are to be attained during the residential rehabilitation episode, and the anticipated length of stay, if known.
 - C. Copies of any medical prescriptions issued by physicians, including orders, if any, for medications to be taken;
 - D. Reports of periodic reevaluation by program staff, to include any measures of movement toward rehabilitation

goals, with focus on the attainment of self-help skills.

- E. Final summaries on each resident who leaves the program, to include a description of beneficial changes realized during the residential period, reasons for leaving, the resident's future plans, and, if possible, follow-up locator information.

Attachment 1 PAST PERFORMANCE QUESTIONNAIRE.

Attachment 2 Wage Determination 2005-2273 rev 13 6.13.2012.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (FEB 2012)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
 - (2) The time specified in the solicitation for receipt of offers;
 - (3) The name, address, and telephone number of the offeror;
 - (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
 - (5) Terms of any express warranty;
 - (6) Price and any discount terms;
 - (7) "Remit to" address, if different than mailing address;
 - (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
 - (9) Acknowledgment of Solicitation Amendments;
 - (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
 - (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
